Add. 2-3

Section F-01010 1.01 E

Add the following:

“Removal of a discharge bell shall render a pump to be out of service during normal conditions. However, in the event of a named storm or non typical storm conditions, it may be necessary to operate a pump in which a discharge bell has been removed. In that event, the LBBLD shall notify the contractor 24 hours prior to use of the out of service unit and the contractor shall remove any of his equipment hindering pumping. With the 24 hours notice, the LBBLD shall not be responsible for damage to any of the contractor's equipment during a pumping event of this nature.”

Add 2-4

Section F01010 1.04 A

Replace “working days” with “calendar days”.

Add 2-5 Attestations Affidavit, pgs. 22-23

Replace with attached Attestations Affidavit – Addendum 2.

Drawings: None

Clarifications:

1. Contract completion time is 210 calendar days.
2. Contrary to what is stated in the Advertisement for Bids, bidder is not required to submit any affidavits or attestations with the bid. However, apparent low bidder shall submit all required affidavits and attestations within 10 days of the bid opening.

Contractor Questions:

1. Can we remove the section of the pump's discharge pipe at the last weld seam, where it turns down before it attaches to the support and the pumps continue to maintain its in service status?
Engineer response: No. Refer to Add 2-3 above.
