

INVITATION TO SUBMIT QUALIFICATIONS

The Southeast Louisiana Flood Protection Authority – East (“Authority” or “SLFPAE”) covers three consolidated districts: East Jefferson Levee District, Orleans Levee District, and Lake Borgne Basin Levee District.

Our mission is to ensure the physical and operational integrity of the regional flood risk management system, and to work with local, regional, state and federal partners to plan, design and construct projects that will reduce the probability and risk of flooding for the residents within our jurisdiction.

SLFPAE invites interested contractors qualified to provide **Disaster Debris Management in accordance with Federal Emergency Management Agency (“FEMA”) guidelines (RFQ 2019-001)** to submit Qualifications. The Authority intends to pre-qualify contractors for future competitive bidding after a storm or other qualifying event requires subsequent debris management and disposal services.

Minimum Qualification Requirements – The Authority is seeking to procure one or more qualified and experienced firm(s) with extensive expertise in Disaster Debris Management and Disposal Services as required by the Request for Qualifications (“RFQ”). The firm must possess a minimum of five **(5) years’** experience in Debris Management and Disposal Services. The Respondent must have a proven record of successfully completing projects with a similar size, scope, and complexity in debris removal or related field. The Respondent must also have a thorough understanding of working within FEMA guidelines to assure Federal reimbursement of all debris removal activities.

A MANDATORY PRE-SUBMITTAL CONFERENCE WILL BE HELD ON WEDNESDAY, MARCH 13, 2019 AT 9:00 AM, AT THE ORLEANS LEVEE DISTRICT BOARD ROOM. This information session is mandatory. It is highly suggested that Respondents attend, as it presents an opportunity to clarify any concerns regarding the RFQ requirements. Questions regarding the Services, sites and specifications will be answered, and Respondents will be able to familiarize themselves with conditions that may affect future Work Orders and pricing. All Respondents shall be held responsible to fully investigate the scope of services, and familiarize themselves with the Authority and any special needs or requirements, to be undertaken based on the information provided in this RFQ.

Qualifications must be submitted in a sealed envelope or box that must be clearly identified on the outside as **“Disaster Debris Management Request for Qualifications (RFQ 2019-001)”**. Prior to **3:00 pm CDT on Friday, March 29, 2019**, please provide (5) originals and one digital copy of the submittal documents by hand delivery or mail to:
