

ADDENDUM NO. 2  
SOUTHEAST LOUISIANA FLOOD PROTECTION AUTHORITY  
ORLEANS LEVEE DISTRICT

RFP FOR FINANCIAL MANAGEMENT SYSTEM

Size of firm is a consideration in scoring respondents, as is the precise make-up of the team that will be dedicated to a particular engagement. Evaluators often fret over small organizations' ability to perform.

This addendum is to emphasize the need for smaller organizations to explain how they will staff the effort – internally, externally, or in combination. Respondents should do what they can to explain the number of staff they feel must be dedicated, the skill set that is guaranteed to be dedicated, and the existence of partners and or subcontractors who the respondent has worked with and who have the credentials to be favorably considered in the evaluation.
